ADOPTION APPLICATION

(Please print clearly)

Thank you for your interest in adopting a companion animal from AFL. We applaud your decision to adopt, and we hope that we can make your experience a pleasant and successful one. The health and well-being of the animals in our care is our first priority, and we work with you to assure the best match for you and your family.

We receive many applications for some pets and may already be in the process of approving another home for the pet you have requested. Should that occur, we will be happy to discuss other pets in our care who may also be appropriate for your family. If you wish to adopt a kitten, priority will be given to adopters who are willing to adopt a pair or who already have a young cat at home, as kittens need playmates and company.

The representative who processes your application will call you at least once to interview you by phone, and we may request a home visit prior to approving any adoption. Please answer all questions candidly, and do not hesitate to ask questions of your own. Your submission of this adoption form serves as your permission for us to contact the references included herein. It is not our intent to invade your privacy, but to find compassionate, dedicated adopters for our rescued pets.

Unlike most rescues, AFL does not charge a set adoption fee. Instead, we rely upon our adopters to be as generous as they are able to be. As a 501(c)3 (non-profit) organization, we depend on donations to provide our rescued animals with all needed veterinary care. Average vet costs for each pet we rescue are \$100-\$150, which does not include any foster assistance provided for food, litter and supplies.

Are you able to make a financial donation of at least \$50 per pet to help defray these costs? Yes No

I have reviewed this application and certify that the information I have provided is true and correct. I further agree that I have reviewed and will comply with Animal Friends of Lansdowne's adoption contract, to be signed upon finalization of my adoption.
